PHYSICIAN ASSISTANT CONSENT FOR TREATMENT

CLEBURNE PEDIATRICS, P.A. 215 NORTH RIDGEWAY DR CLEBURNE, TX 76033

DR. RANBIR K. SHARMA, M.D. **SARA CHANDLEE, P.A.**

This facility has on staff a physician assistant to assist in the delivery of medical (may indicate specialty) care.

A physician assistant is not a doctor. A physician assistant is a graduate of a certified training program and is licensed by the state board. Under the supervision of a physician, a physician assistant can diagnose, treat and monitor common acute and chronic diseases as well as provide health maintenance care.

Supervision does not require the constant presence of the supervising physician, but rather overseeing the activities of and accepting responsibility for the medical services provided.

A physician assistant may provide such medical services that are within his/hers education, training and experience. These services may include:

- Obtaining histories and performing physical exams
- Ordering and/or performing diagnostic and therapeutic procedures
- Formulating a working diagnosis
- Developing and implementing a treatment plan
- Monitoring the effectiveness of therapeutic interventions
- Assisting at surgery
- Offering counseling and education
- Supplying sample medications and writing prescriptions (where allowed by law)
- Making appropriate referrals

I have read the above and herby consent to the services of a physician assistant for my health care needs.

I understand that at any time I can refuse to see the physician assistant and request to see a physician.

Texas Vaccines for Children Program
Patient Eligibility Screening Record

A record of all children 18 years of age or younger who receive immunizations through the Texas Vaccines for Children (TVFC) Program must be kept in the health care provider's office for a minimum of five years. The record may be completed by the parent, guardian, individual of record, or by the health care provider. TVFC eligibility screening and documentation of eligibility status must take place with each immunization visit to ensure eligibility status for the program. While verification of responses is not required, it is necessary to retain this or a similar record for each child receiving vaccines under the TVFC Program.

1. Child's Name:____
   Last Name First Name MI

2. Child's Date of Birth: __ __/__ __/__ __ __ __

3. Parent/Guardian/Individual of Record:______________________________

4. Primary Provider's Name:__________________________________

5. To determine if a child (0 through 18 years of age) is eligible to receive federal vaccine through the TVFC program, at each immunization encounter/visit enter the date and mark the appropriate eligibility category. *If Column A-F is marked, the child is eligible for the TVFC program. If column G is marked the child is not eligible for TVFC vaccine.*

**Underinsured includes children with health insurance that does not include vaccines or only covers specific vaccine types. Children are only eligible for vaccines that are not covered by insurance. In addition, to receive VFC vaccine, underinsured children must be vaccinated through a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) or under an approved deputized provider. The deputized provider must have a written agreement with an FQHC/RHC and the state/local/territorial immunization program in order to vaccinate underinsured children.*

***Children enrolled in separate state Children's Health Insurance Program (CHIP). These children are considered insured and are eligible for vaccines through the TVFC program as long as the provider bills CHIP for the administration of the vaccine.*

**** Other underinsured are children that are underinsured but are not eligible to receive federal vaccine through the VFC program because the provider or facility is not a FQHC/RHC or a deputized provider. However, these children may be served if vaccines are provided by the state program to cover these non-VFC eligible children.*
